AND MINDEN RECORDER

Vol. 96 No. 1

Wednesday, August 24, 1977

18 pages 20 cents

Tenders have been opened

Sewers waiting for the contract to be awarded

Tenders have been opened for the sewer project in Haliburton but Dysart et al

Deputy Reeve, Harold Bannan, said he wasn't sure when the contract would be

officially awarded. He pointed out that the contract is awarded by the Ministry of Environment.

Deputy Reeve Bannan said he and Reeve, Murray Fearrey were in Toronto last week for the opening of the tenders.

He pointed out that about 10 companies bid on the contract.

Deputy Reeve Bannan said that he hopes that the project will get under way very

shortly, pointing out that it looks like a year long project. He added that the project would do a great deal to make

the employment picture look good during the fall and early winter in Dysart et al.

Boating mishap costs man life

A Toronto man is dead as the result of a mishap in Kushog Lake early Sunday morning.

The Minden detachment of the Ontario Provincial Police report that James Derek Alyward, 26, of Empire Avenue in Toronto, is dead after falling out of a boat at 12:30 a.m., two miles south of Ox Narrows.

His body was found Monday at 2:40 p.m. in about 10 feet of water, 400 feet from shore.

The police report that Alyward and Linda Woodhead, 29, of Toronto, were in the boat when it ran out of gas. While he was in the process of switching tanks the boat became turned around causing the couple to be lost.

Ms. Woodhead took over driving the boat and Alyward fell over the back of the boat.

The police report that she circled immediately but was unable to find him in the dark and mist.

According to police, Alyward was reported to be a strong swimmer but was wearing a high pair of boots at the time which the OPP suspect may have weighed him down.

When he was found he had one boot on and the other was about 10 feet from the body.

Juveniles charged in thefts

Charges ranging from three counts of possession of stolen property, two counts of break, enter and theft, and one count of break enter with intent, theft over \$200 and careless driving, have been levied against three juveniles.

The three were from a training school in Cobourg, Ontario and were apprehended and charged on August 17.

The Minden detachment of the Ontario Provincial Police report that the three were

See page 15

Kennisis Lake

Toronto man killed in airplane crash

Gerald Blyth Thornton, 51, a professor of psychology at the University of Toronto and an Aeronautical Engineer, is dead as the result of a plane crash on Kennisis Lake, August 20th.

Thornton lived at 17 Indian Trail, Toronto.

The Minden detachment of the Ontario Provincial Police report that the plane Thornton was flying crashed into the lake after developing engine trouble, at about 10:40 a.m. The police noted that a

number of people tried to rescue him but he died of the injuries received in the crash.

The plane, which was built by Thornton, sank partially but was pulled up on a beach. The water was about 60 feet deep where the accident took place.

The OPP report that the accident was investigated by Aircraft Accident Investigators of the Department of Transport.

The plane was a total wreck as a result of the crash.

Eakins part of tour viewing industry

Victoria-Haliburton MPP, John Eakins, Liberal party opposition critic for industry and tourism, announced he will be touring Ontario with a group of caucus members to get the views and opinions of various tourist groups and Chambers of Commerce.

"We want to find out how these people feel tourism in Ontario should be developed and promoted. It's my

personal view that tourism is not receiving a high enough profile. Since tourism is our second largest industry in Ontario, it should be given more prominence than it is receiving.

Mr. Eakins said one of the first meetings will be held in Bobcaygeon in early September with representatives from

See page 3

Residents signed petition against club

George Parozanin, a resident of the north shore of Grass Lake, told the Haliburton County Echo and Minden Recorder that residents of the south shore of the lake signed a petition against having the King Ski Club operating on the lake.

Judy Bush of the ski club told Dysart council last week

that a survey taken by the club, of the south shore, came up with no objections to the skiers operating in that area.

Mr. Parozanin said that a petition circulated in June of 1976 had about 80 per cent of all the residents of the lake signing. He added that some of those signing lived on the south shore.

Arena fund reaches total of \$19,532

Recent donations to the Dysart Arena Fund have raised the total to \$19,532.

The recent donations include Julius Kohl \$50; Black's Hardware \$200; Mark Vasey Ltd. \$50; Stanley Parish \$20; L. Fitzsimmons \$15; S. Westbrook \$10; Gordon Lak \$75; Edwin Hodgins \$10; Barbara McTaggart \$10; Pender Crichton \$5; Neale Woodcock \$20; D.B. Carpenter \$5; M.G. Fearrey \$25; David Grant \$3; Charles Gardner \$10; Marion Vanstone \$10; R. Rawsthorne \$5; R. Bradbury \$10; Sidney Pike \$2; H. Jeske \$10; Murray Taylor \$10; Art Hall \$10; R.K. Semple \$10; E. Mason \$20; Charles Schroeder \$20; Frank Safian \$20; and Haliburton Fire Department \$250.

The goal of the fund is \$25,000. Donations may be sent to Box 382, Haliburton.

Ed Krain of Richmond Hill was one of the many youngsters who got to meet his hero when Bobby Orr was a Kilcoo Camp for the annual olympics. Orr met with the youngsters and the camp staff and walked around the facilities of the camp which is located on Highway 35 south of Minden.

Bobby Orr special guest at olympics for Kilcoo Camp

Last year at this time the Lieutenant Governor of Ontario, Pauline McGibbon, attended the Kilcoo Camp olympics but this year the olympics attended Bobby Orr.

Everyone has heard the story many times that Orr may never play hockey again, but the youngsters at Kilcoo Camp, south of Minden, certainly haven't forgotten Orr's spectacular years as hockey's number one star.

Orr was at the camp last Saturday as part of the annual olympics held at Kilcoo.

John Latimer, owner of Kilcoo Camp, said that every year they try to get a celebrity to attend the olympics. Last year it was Pauline McGibbon and this year it was Bobby Orr.

Mr. Latimer admitted that the scene was quite different at last year's olympics when Mrs. McGibbon was the guest.

The scene certainly was different. With Mrs. McGibbon, the youngsters and employees of the camp kept their distance and only spoke to the guest when approached.

With Bobby Orr the youngsters and a few older people at the camp, it would be a shout of "Bobby" to get the star to turn around for a picture.

It was wholesale autograph time as well. Orr carried his own pen and a pad of Kilcoo Camp stationery. When the pressure of having a crowd around him slackened off, Orr would proceed to write

his name in advance of the youngsters' requests.

A Haliburton County Echo and Minden Recorder reporter, when inquiring about the whereabouts of Orr, was told just look for the crowd of kids.

How are Bobby Orr's knees? That question didn't have to be asked. Orr walked slowly with a noticeable limp.

The long layoff from hockey though hasn't done much to change the rest of Orr's physical appearance. He looks like he could step into an arena tomorrow and lead any team to a championship.

One would get the impression that Orr's trip to Kilcoo was almost twofold. Orr himself owns part of a camp near Orillia called the Orr-Walton Hockey School. Hockey player Mike Walton is the other owner.

Orr arrived at Kilcoo on schedule at about 11 a.m. and proceeded to tour the facilities, while talking and possibly exchanging ideas with Mr. Latimer. He went to the youngsters, walking and meeting different groups of them at different points of the camp. He stood by while some of the contests of the olympics took place in the playing field area of Kilcoo.

Bobby Orr has many moments hockey fans remember him for, like leading the Boston Bruins to the Stanley Cup and being the star in the Canada Cup series, but the youngsters at Kilcoo Camp will remember him for the day he came out to the camp and met them all personally.

Willis Walker of Haliburton stands beside his stock of corn which has grown over 12 feet tall. Mr. Walker said that the corn still is growing. He pointed out that this is the tallest he has ever grown.

This unidentified youngster gives his best effort in the broad jump at the Kilcoo Camp olympics held over the weekend. The olympics, always a popular event at the camp, were made more popular this year when Bobby Orr arrived as special guest.

John Latimer, owner of Kilcoo Camp, talks with Bobby Orr at the olympics held at the camp last weekend. Orr was on hand at the camp Saturday afternoon and spent most of his time signing autographs and posing for pictures.

Tourism tour

From page 1

16 tourist groups and Chambers of Commerce.

"At this time, while some are experiencing good times in short periods, in the long run tourism is not receiving the attention and support that it should."

The MPP said during the estimates in the legislature he suggested to Minister of Industry and Tourism Claude Bennett, that the minister should be going to other markets, especially the Japanese market.

"I'm pleased to see he is following the suggestion and that he and Premier William Davis are going to Japan to look at the industrial and

tourist market there with a view to promoting Ontario which is something we should have done a long time ago. We have been taking too much for granted."

"Just recently I had the pleasure of welcoming a group of 62 tourists from Austria to Haliburton County who stayed at the Hunter's Horn Inn on Kashagawigamog Lake. This is just an example of what can happen if we go for the business."

Mr. Eakins said that during the tour of the province he will be looking into the opinions of the people and looking for means of developing a stronger tourist industry.

News from Extendicare

BY DR. O.W. ANDERSON

Some days there are when there is no news, simply a matter of following a routine that differs very little from one no news day to another. Sometimes we are led to anticipate an outing of some sort and when the weather does not favor the outing, we stay at Extendicare. Of course, we have our plants to care for whether or not. On Tuesday we had a sing-song in the lounge with our Miss Elston accompanying us on the piano, which she does very well. About this time we learned that the night before one of our nurses, Mrs. Lorna Hogg, was suddenly taken ill so for some time she will be unable to share in looking after us. She will be greatly missed as she was very kind and efficient. A speedy recovery will be anticipated.

Jake Gill was unable to call our Tuesday bingo, but Charles Welch, our country storekeeper, ably called for him. Jake will be his former self in a few days.

Wednesday morning, instead of going on a

scheduled trip we took time out to discard all our leftover plants, saving the soil for future planting. It is taking a chance, but if learn we must, it should do no harm. In the afternoon we played shuffleboard. Later we were treated again to a short recital by pianist Carl Bohne.

Echo editorials

Break and enter commonplace

Remember when a break, enter and theft meant headlines in a newspaper?

Remember when vandalism of any type had everyone on the street upset?

Well those days seem to be over. Every week the local police reports tell us tales of vandalism and break-ins. Every week we hear about another person who lost some personal property, or had it damaged by someone who doesn't have the brains to do anything else.

Whose fault is it that property is damaged? Whose fault is it that people are "ripped off." We are tired of hearing the previous generation blamed. We are tired of hearing that parents just don't raise their kids right now-a-days.

The vandalism, the break-ins and the stolen cars generally aren't the fault of the previous generation. They aren't the fault of the police, who no doubt do all they can to prevent such occurrences and when the occurrences do happen, do all they can to apprehend the criminals and have them convicted in court.

The fault seems to lie in the court system itself. Why is it more of a crime for a 30-year-old to break into a store than a 15-year-old?

Most of us knew it was wrong to break into a store when we were 15. Why then do our courts go out of their way to protect the juveniles who are in trouble?

Once a person reaches the age of 15 he should, like anyone else, be able to reason right and wrong for himself.

Larger council would be a benefit

At Dysart council's last meeting, a resolution was passed that would add two new members to the Council giving better representation to residents of the Harcourt area.

Dysart council could function quite well with seven members.

There would be a number of improvements. One is better representation for residents of the municipality in quite a few areas, especially Harcourt.

A larger council would also put the municipality closer to having committees staffed with all elected members. We can see the establishment of two and three men committees made up of councillors to form such things as parks and recreation policy, planning, general government and many other functions.

The formation of committees made up entirely of people from council is no reflection on the work done by the appointed members of committees now.

These people have given their time honestly and in the best effort of the people of the community but a time comes when budgets are rising, that members of committees must be answerable to the taxpayers on election day.

An excellent fair

The Haliburton County Fair was without a doubt one of the biggest and best every. The Fair was a success because of the hard work of the many organizers on the Agricultural Society and the County Fair Board.

The Fair was also a success because of the many people of Haliburton County and other areas who attended the event.

The Haliburton County Fair was better this year because of a number of reasons but one of the biggest reasons was that the attendance was up and the people showed their support.

Inviting opinion

The Haliburton County Echo and Minden Recorder offer readers of the newspaper the opportunity to express their feelings in our "As Others See It" column.

This column is for your use. All we ask is that the letters are signed and the writers address is included.

Our Pic of the Past this week shows the students of the Eagle Lake School taken in 1939.

Feir Play

by Creighton Feir

Seeing that it's the 95th birthday of The Echo, we thought it would be a good idea to take a look back at some of the newspapers that we printed in the early 1950's. In glancing over a few of them we noticed that our headline in November of 1952 said that Harold Black was again reeve by acclamation. The council elected for that year was Reeve, Harold Black, Deputy Reeve, Bert Curry, council Roy Brohm, Carl V. Hussey, Russell Hutchings and Russell Schickler. The Dysart school board was made up of James Cooper, Mervyn Robertson and Ernest D. Warren. Another item stated that Miss Sylvia Howard was president of the Minden Ladies Curling Club. This was the year that Mark Vasey resigned as manager of the Minden Monarchs hockey club. He had served in that capacity for many years. The late Bert Curry, who ran for deputy reeve in 1952, had as his slogan "Let's keep Dysart on an even keel with experienced administrators at the wheel." In July of 1953 we ran a special edition of the 10th annual Haliburton Rotary Carnival. The parade that year was headed by the 36 piece Haliburton-Minden Band and the popular Cobourg Kilty Band was also on hand for the parade. There was a big show the second night of the carnival in the arena, with six acts brought in from Toronto. The draw that year was for a 1953 Pontiac Laurentian sedan. According to an edition of our paper of 1953, they were still finding people for speeding in Haliburton and vandalism was the topic of our lead editorial. We wonder what the hit song was in 1953. Has anyone got any ideas?

Mrs. Grierson and daughter Doris, and friend, all of Toronto, were recent guests of Mary and Elwin Robertson of Haliburton.

Hanging up in my office at present is a poster with the words "In our business the customer is king! Customers make paydays possible." How true this is.

Jack Craven of Coboconk was in our office the other day to renew his subscription and handed us a clipping from a column from a newspaper in the United States. It tells about his brother-in-law Bill Richardson. We quote from this write-up. "Meanwhile, a new description of our town was forwarded to me in the mail this week. Bill Richardson sent in a clipping from Minden, Ontario, Canada, which deals with the Stanford Heart Clinic conducted in the U.S. and asserts 'There's a town in California where death has virtually been outlawed. It's Watsonville, population 14,784, and the inhabitants have declared war on death.'"

We have been advised that a Ladies Softball Tournament has been scheduled for Sunday, August 28th, at Wilberforce. Teams that will compete are from Haliburton, Cardiff, West Guilford, Gooderham, Minden, Carnarvon. The elimination games start at 11 a.m. with a spectator game at 4 p.m. The final game will be played at 6 p.m.

The tenders were opened last Wednesday for the second phase of the sanitary sewer system for Haliburton Village. We understand that ten companies tendered for the job and it won't be long before one of the contracting companies will be hired and work will soon be underway.

Well, vandalism is still with us and during this summer we have had to put up with a great deal of public and private property being destroyed. We heard last week that three new Canadian flags have been stolen from the Haliburton Post Office. Everytime they put up a new flag on the pole it's gone. The Legion have lost a flag or two and other flags have been taken from the flag poles from other places in the village. And, from what we hear, it practically takes a twenty-four hour lookout at the municipal washrooms next to Curry Motors as some of the people are virtually tearing it apart piece by piece. During the past couple of weeks several cars have been stolen in the area and most of them have been recovered by the Minden detachment of the OPP. Vandalism seems to be a big problem, not only in Haliburton County but throughout Ontario. Something has got to be done about it. We are coming to that time where people are going to have to receive some discipline and that time isn't too far off.

We were talking to one of our friends just the other day and he was telling us that as far as he is concerned he is through going to movies and watching television with all of its violence and crime shows. In our opinion there is enough depressing things to read about in this day and age and what people need are programmes that they can watch and get a laugh or two. Let's have more sports programmes on TV and some good clean entertainment for a change. No wonder the country is in the state it is.

On Friday night we had the opportunity of attending the closing program of the Daily Vacation Bible School which has been going on all week at the Lakeside Baptist Church in Haliburton. How good it made us feel to think that 62 children had turned out during the week for fun and crafts

See page 5

Editor's Notebook

by Jim Badgley

The Haliburton County Echo and Minden Recorder has been celebrating its 95th birthday over the past week and what seems almost fitting with it is the cleaning up of our newspaper files.

One old paper we came across was the November 27 edition of The Echo published in 1952.

It just so happens that that issue was at nomination day for the municipal election in Dysart.

The front page had a big headline showing that the late Harold Black was acclaimed reeve. Fighting it out for the deputy reeve post were Albert H. Curry and Holly Sisson.

Running for council were Roy Brohm, Carl V. Hussey, Russell Hutchings and Russell Schickler. School board candidates were James Cooper, Mervyn Robertson and Ernest D. Warren.

In Monmouth John C. Mangan and James McCrea were trying for the reeve's position. Fighting it out for council were Walter Clark, Willard Dack, Frank Davenport, Hubert Dunford, J. Harry Finlay and Percy Tighe. School board

candidates included Mrs. Don Finlay, Sterling Mather, John L. Noble and Francis Noble.

Some of the campaign slogans included "Believing that one good turn deserves another - I am soliciting your vote and influence" - Roy Brohm and "Let's keep Dysart on an even keel with experienced administration at the wheel" - A. H. Curry.

I wouldn't hold my breath waiting for the Trent River people giving in to Haliburton area demands to leave some water for use during the summer.

The low water levels this year have caused a lot of problems for boaters in the area and about the only thing anyone seems to be able to learn about the problem is that the Trent people aren't ever planning on not taking the water.

Something will have to be done some day though. If both tourist areas, the Trent River and Haliburton Highlands are going to operate as tourist areas a solution will have to be found that will benefit everyone and so far the best I have heard of is establishing a large reservoir.

As others see it

Those who are involved in the weekly newspaper business in this country at this time are excited about the new and important challenges facing them. Fading into the past is the idea that the community weekly newspaper is useless as a merchandising tool or as a source of necessary information. Evolving at last is the realization that the community weekly newspaper is a force, a strong weapon not only to initiate change and improvements at home but at provincial, national and international levels as well.

At the 1977 convention of the Ontario Weekly Newspaper Association in Toronto, the incoming president, R.G. Shrier of Goderich, spoke for instance about the need for the community press to become actively involved in the battle to preserve national unity. He spoke about the strong voice of the weekly press, and urged editors and publishers to unite that voice for a common purpose.

Holding the country together is uppermost in the minds of many Canadians now. But it is becoming increasingly apparent that the job is bigger than just retaining Quebec within Confederation. There is growing evidence that other areas in Canada are striving for identity, independence and involvement. The Maritime provinces and the Prairie provinces, like Quebec, have grievances to air. At the same time, the Ontario opinion must be heard. While only a minority Quebec faction is talking about separation as a means to an end, people everywhere throughout Canada are getting more vocal about the need for a complete overhaul in Canadian thinking. Federalism is due for some renovations.

It has been said that the fact that hundreds of new community newspapers are springing up all over the country proves that Canada is becoming a nation of communities again. Time was when big cities wiped out community life. They grew so rapidly that no one felt a sense of identification. But now that the growth has slowed just a bit, neighborhoods have stabilized and even the residents of the biggest cities have discovered that they share concerns with their neighbours.

These new neighborhoods aren't easily defined geographically, but their residents feel the communal forces. Some believe it is this new attitude that will ultimately save Canada from destruction.

The Canadian community newspapers have been one of the first groups to recognize the importance of the neighborhoods. They have been pioneers in the art of carving out their own markets in their own neighborhoods. They have learned how to provide valuable, necessary and appreciated services for people. They have remained true to their conviction that people everywhere want information and deserved to have that information served up intelligently, attractively, economically and locally.

Yet community newspapers are a united force in Canada and for the first time they are beginning to recognize their full role. They are starting now to utilize that strength of unified purpose for the good of Canada while at the same time bolstering the local community and the people in it.

Community newspapers are building up from the very roots of the country. They are accomplishing much. They can accomplish more. It is a proud day for a truly deserving industry.

from the Goderich Signal Star

A recent study by the Ontario Hospital Association and the Ontario Dietetic Association shows that in spite of this province's affluence and abundant supply of cheap food, many people suffer from malnutrition. In fact, that's the sad case right across Canada.

The study has resulted in the production of something called the Diet Manual which gives increased prominence to the normal nutritional requirements of healthy individuals based on the findings of recent research into the areas of general nutrition and diet therapy.

There is, for instance, a chapter on vegetarian diets because of the increasing interest in such diets. There is also a new chapter on the high fibre diet because of the evidence that has come to light about the dangers of lack of fibre in the diet and the fact that many Canadians do not eat enough high fibre foods. There is information in the manual which shows that the traditional bland or milk diet formerly used in the treatment of ulcers and other gastric disorders has disappeared because that kind of a diet does not in fact promote the healing of an ulcer. There are diets used in the treatment of different illnesses such as kidney disease, liver disease and diabetes. There are low fat diets, low salt diets, low residue diets and many more. There are even chapters on the nutritional support of cancer patients and those with alcohol or drug addiction.

With diet so obviously important to the health and well-being of Canadians, it is a little disappointing that the Huron County Board of Education isn't more concerned about the nutritional value of the food served in the school cafeterias. News last week revealed that the Huron Board has no immediate intention to offer students things like salads, fresh raw vegetables and fruits, fruit juices and natural desserts not to mention high fibre foods such as brown bread and bran muffins. There isn't any real explanation as to why better foods aren't to be made choices at the high school cafeterias, only the reply that the cafeterias are leased to concessions over which the board has little control at the present time.

Surely it is the responsibility of the board to make certain students in Huron have available to them in the school cafeterias good, wholesome food. Just as students are introduced to Shakespeare, they should also be introduced to something other than French fries, coke and hamburgers. Cafeteria operators might be amazed at the enthusiasm there would be for a lunch of vegetable soup, a crisp salad, a tart apple and a glass of milk if it were offered to students. - S.J.K.

"Serving the Highlands for 95 years"

The Haliburton County Echo is an independent newspaper serving Haliburton and Victoria Counties for 95 years. Established in 1882 as The Minden Echo and Haliburton Recorder and amalgamated with The Minden Recorder in 1977. The Haliburton County Echo is published by Algonquin Graphics Limited at Haliburton, Ontario, Box 380, R3M 1S0. Phone 437/1037.

Advertising is accepted on the condition that, in the event of a typographical error, the portion of the advertising space occupied by the erroneous item, together with a reasonable allowance for signature, will not be charged for, but the balance of the advertisement will be paid at the applicable rate.

In the event of a typographical error advertising goods or services at the wrong price, goods or services may not be sold. Advertising is accepted as an offer to sell and may be withdrawn at any time. The Publisher reserves the right to restrict all ads to their classifications and to edit or reject any copy.

Dear Abby

By Abigail Van Buren
© 1977 by The Chicago Tribune-N.Y. News Synd. Inc.

DEAR ABBY: My best friend's mother died recently, and I attended her wake. There were many people there. Most of them were telling jokes, drinking and laughing as if they were at a wedding or some kind of celebration. I thought it was disgusting, and it made me both angry and sad. When I asked my mother why people behaved that way at a wake instead of being solemn and serious out of respect for the dead, she said, "That's just the way it is. The only time some people see each other is at weddings or funerals."

I'm only 14, but I think people should save the jokes and laughter for weddings, not funerals.

What do you think, Abby? If you print this letter, maybe people would change the shameful way they act at wakes.

JOHN

DEAR JOHN: It's more than mere coincidence that the two words most frequently interchanged by accident (?) are "wedding" and "funeral."

It's not the lack of respect for the deceased, it's the human tendency to make the most of the opportunity to catch up on old friendships and family ties that accounts for the partylike atmosphere at most wakes. Add to that the fact that alcohol tends to break down inhibitions.

Don't be angry or sad, John. Were the deceased able to express his opinion of the apparent merry-making at his own wake, I'll wager he'd be all for it. (I would.)

DEAR ABBY: I would like to voice a complaint against teenagers in general: A teenager had a transistor radio on a public bus yesterday, and he just about blasted the whole busload of passengers off the bus with rock and roll music. Why don't those teenagers show a little respect for the rights of others?

IRRITATED

DEAR IRRITATED: Why condemn ALL teenagers? Only one was guilty. The bus driver (an adult) was responsible for the comfort of his passengers. Didn't HE shirk HIS duty?

DEAR ABBY: I am so mad, I have to unload on someone, so here goes.

My husband is self-employed. A year ago he did a job for a customer who lives in a home much more beautiful than anything we could ever afford. After a year, we received a check for this job. The check was misplaced (I thought it was stolen), so I called the lady and asked her to please stop payment on it.

I found the check today and called the lady back to tell her I had found the check and to apologize for any inconvenience I had caused her. She asked me to SEND HER ONE DOLLAR, as this is what it cost to stop payment on that check!

After waiting a year for our money, how could anyone be so miserably cheap?

CLEVELAND

DEAR CLEVELAND: For people who are miserably cheap, it comes naturally.

COUNTY ECHO FAMILY

Many visitors to the Museum

Visitors to the Haliburton Pioneer Museum this week were: Debbie O'Connor and Tim Winter, of Haliburton; Alf & Dianne Mills, Cambridge; Elva Land, Flint.

Michigan; Linda Dingwall, Milton; Jack & Reg. Hall, Sunderland; Dorothy Bennett, Oshawa; Doris McManus, Minden; Charlotte Butz, New Hamburg; Mr. &

Mrs. A. Lee, Stirling; Charles, Dorothy and Robert Cox, Hamilton; Guy & Isabel Dickens, Agincourt; Doug & Evelyn Nelson, Frankford; Ann Stewart, Scarborough; John Blewett, Willowdale; Scott & Stephanie Poole, Haliburton; Alice McIlroy & Heather Fawkes, Battersea, Ont.; George, Barbara & Steve Murray, Toronto; Bill & May Ward, Haliburton; Mr. & Mrs. Wm. Price, Agincourt.

Duncans celebrate 35th anniversary

Ted and Carol Duncan of West Guilford will be celebrating their 35th wedding anniversary August 29 but were honored with a surprise party on Sunday.

Sixty-eight guests attended the party which was held at the Duncan home.

Guests were from as far away as Parry Sound, Markham, and Kearney.

The couple received a recliner chair.

In the hospital last week

In the hospital last week were Mrs. Bush, Mrs. Irma Pasquino and baby girl, Mrs. Nellie Dean, Mrs. Cowel, Mrs. N. Gilmore, John Francis, Miss Connie Snaddon, Mrs. Myrtle Giles and Mrs. Lorna Hogg.

Recent visitor

Susan Lazar of Winnipeg was a recent visitor with Mr. & Mrs. Eric Bowman and family of Basshaunt Lake.

THANK YOU

THANK YOU - to all the loyal supporters of the Haliburton County Fair - To those who assisted with the opening ceremonies, the Judges, Assistants, those who operated sound systems and all who worked on the grounds, Rotary, Kinsmen, Shriners, Police, Firemen, Dept. of Agriculture, members of Councils throughout the County, to those who donated trophies, money, merchandise or supported us through advertising, the Sportsman's Restaurant, Kinnmount Fair and J.A.C. Kernohan for their equipment, to the local papers for their coverage, the exhibitors, contestants, entertainers and spectators, my Board of Directors, and all Committee members who worked so faithfully to present such a successful Fair, "THANK YOU".

It may be an all-female executive, but without the men we could never have put the show on the road - they were the backbone of the fair.

If I have missed anyone, it is certainly unintentionable. I do thank you, along with the many individuals who helped in different ways.

Gratefully,
Loretta Nesbitt.

HALIBURTON I G A MARKET

Norland Notebook

By Barbara Maunders
454-3233

All readers of the Norland area, I'm sure, will join with me in wishing belated 95th anniversary greetings to the Haliburton County Echo. Most were surprised but pleased, we hope, to note the amalgamation of the Haliburton County Echo and the Minden Recorder papers. For anyone who is thinking of a subscription to the combined papers, now would be a good time to do it. There is a special offer of \$6.05 (you save \$1.95) for one year subscription if you order during the birthday sale. One of the great things about the merging of the two papers is the fact that your want-ad, thank you, marriage or birth announcement, etc. will be read by more people because the circulation of the two combined publications is now over 6,500 and covers a wider area. There is also a 95th birthday sale special in the classified ad section - 30 words for only \$1.95.

The Hoop-La is over but the happy memories will remain with the large group who enjoyed the world-wide Vincent Owners Rally at Shadow Lake Cottages the week of August 13 to 20. Jim Payne and Bill Hall, co-owners of Shadow Lake cottages, said that the rally was a huge success and they are hoping that the organizers will decide to return soon to Norland for another rally. The Ladies Auxiliary of the Firemen held a large bake sale at Shadow Lake Cottages on Tuesday, August 16, for the cyclist owners who purchased and consumed the baking quickly. On Saturday, August 20, an Award Night was held with trophies being presented to the person who had the best kept and running bike, the oldest motorcycle, the cycle driven the greatest distance, and the vehicle that was brought by air or other means from the farthest away. Garry Bradamore and his group entertained with music after the trophies' presentations and all Vincent owners agreed that it was a grand finale to a great week.

Perhaps you knew her as Mrs. Bradburn, Vi or Pat Watson's mother. In any event, we will all miss Mrs. Violet Bradburn who passed away very suddenly on Saturday, August 13. Vi was an active Norland U.C.W. and Women's Institute member. No job was too large or small for Vi to tackle and she worked along with we "younger" ladies and always gave her best. She took the time to visit the sick and shut-ins and neighbours, and her hands were always busy baking, knitting, crocheting or embroidery work. Norland is indeed saddened by the loss of a fine lady. Our sympathy to all of her family.

Most of the highway mileage signs have now been changed to kilometres. On the large ones, the km has been added as an extra, usually at the top of the sign and is big enough that one can read it quite readily and realize that the new distance is metric, not miles. However, on the smaller signs, several of which are here in Norland, the km that has been added is extremely small and very difficult to discern. I'm sure it will confuse many motorists who are unfamiliar with this area and will read a sign such as Kinmount 16 and not realize that it is kilometres instead of miles from Norland.

On Saturday, August 27, Dale and Dianne Davey, and Anne Patullo, are organizing a backyard Carnival against Dystrophy to raise funds for the vital research and patient service programs of the Muscular Dystrophy Association. The Carnival begins at 2:00 p.m. until 4:00 p.m. and will be held in Davey's backyard, just west of Highway 35, on Highway 503. It will feature such games as ring toss, balloon dart and a pet show. There will also be a fortune teller and fish pond and other activities are planned. All proceeds will go to aid the fight against Dystrophy and related diseases. These young people would appreciate your support and attendance at this very worthwhile event. If anyone would care to donate prizes to assist the group or require additional

Kinmount Fair

Many attractions featured

The Kinmount Fair will feature a number of interesting events again this year. The Fair is scheduled for September 3 and 4 at the fairgrounds.

Saturday's schedule includes the opening of the exhibit hall at 11 a.m., the livestock show at 11:30 a.m. and a parade at 12:30 p.m. Beginning at 2 p.m. Saturday will be the amateur program and the grandstand show featuring Carroll Baker. Also that afternoon will be the horse judging and horse drawing contest. The heavy horse class will start at 4:30 p.m.

There will also be a dance that night featuring Carroll Baker and her group, Whiskey River. On Sunday the pony show will start at 11 a.m. and the

exhibit hall will open at 1 p.m. At 2 p.m. the car demolition derby will return to the fair by popular demand. The amateur show will take place at 3 p.m. and the light horse draw is scheduled for 4

p.m. Among the events will also be the midway, Kenjen Petting Zoo, antique engine display and a steam sawmill in operation.

There will be children's sports at 6:30 p.m. on Friday night. Bingo will also be featured Friday and Saturday of the Fair.

Coboconk News

by Sheila Lake

Congratulations to Mr. Brown at "Brown's Road" who celebrated his 80th birthday Wednesday. Mr. Brown's son, Don and Don's wife, Marilyn, planned a surprise birthday party for him and some twenty or more friends gathered to help celebrate the occasion. Mr. Brown maintains his home at the ranch with his son and family visiting from Don Mills on weekends and holidays. Congratulations and best wishes from all of us, Mr. Brown.

Since the Exhibition is now on in Toronto, a number from here have journeyed to Toronto to take in the big event. The grandstand performers are top name and I know of folks who tried to get tickets to see Charlie Pride and the Beach Boys but found the tickets sold out. Guess the only advice is to buy tickets real early next year if your favorite performer is there. The cool, wet weather is not the most pleasant for fairs and exhibitions as often the grounds are so muddy. Anyway, dress according to the weather!

It is a good improvement to see the new alphabet on the sidewalks. A paving company repaired all the broken sidewalks in town. The sidewalk on our street was badly broken up so now it is nice and smooth and there is no danger of tripping. Thanks to the powers that be for the job!

Buffet dinners are a big attraction in the summer! The Anglican Church ladies are very busy today preparing for their buffet. I'm sure they will have a good crowd. There is a good crowd in town this morning.

We journeyed to Fenelon Falls last evening and attended the Full Gospel Businessmen's meeting. Ernie Holland was the speaker and a most interesting speaker he was! If you get a chance to hear Ernie, don't miss it. Having spent a life so alien to the most of us, Ernie tells it like it is. He is loud and clear the whole way through and makes one grateful to know that "Here but for the

grace of God go I." If you know someone who has run afoul of the law, remember them in your prayers. Maybe there was a good reason they went on the downward trail.

Mr. & Mrs. A. Morrison of Haliburton were visitors of Mrs. A. Marles last week.

Did you know if you stuff a marshmallow in the bottom of an ice cream cone before you put the ice cream in for your children, it helps stop the melting ice cream going to the bottom of the cone and the cone remains firm and easier for little ones to handle?

I saw a hummingbird twice last week, the first time this summer. She was at my flowers early, 7 a.m., one morning last week as I sat writing a letter.

I'm a subscriber to the Haliburton County Echo so was pleasantly surprised to see the two papers are amalgamated. The new combination makes for good reading.

The motorcycles from north of town are a familiar sight this week. So nice to talk with someone from another country and these cyclists are from all areas.

Maple Lake News

by Ada Gibbs

Recent visitors with the John Dyers were Mr. & Mrs. W. Imeson, Mr. & Mrs. D. Dale and twin daughters all of Oshawa.

Rev. Douglas Brown of the Minden St. Stephens and St. Peter's parishes, who has been our rector for the past few years, will soon be preaching his farewell services in the three churches. We will be sorry to have Rev. Brown leave us as he has given us much food for thought each week in his Sunday sermons. We wish him well in his new field of worship.

I understand the Jim Harrison's are away on vacation before the children must return to school in September.

Mr. Laverne Sisson, Donna and Joe of Willowdale visited one day last week with Uncle Oscar Sisson.

Mrs. Joyce MacKay of Sault Ste. Marie, Ontario is visiting with her cousin Miss Ada Gibbs and other cousins whom she is meeting for the first time.

Are you ever driving along the highway and you see something that startles you, other than deer, I mean. The other day as I came past Carnarvon, on Highway 35, I glanced at the sign to Minden. Usually it said 8 miles to Minden. This time it read 13. I thought it was crazy. After a second I thought and realized the signs had been changed. They still haven't yet changed the speed limit signs but when they do one must always remember that 80 km still means 50 mph. I don't think I will ever get used to the new system. Guess I am too old, but I do wish they had put both on all signs for us old people!

I congratulate the new paper and wish it all the success to make it the biggest weekly there is.

Mr. & Mrs. Brian Gray and family, of Burlington, spent fair weekend with Mr. & Mrs. Lloyd Johnson, and Mary-Lou went back with them for a holiday.

Today the clouds look like piles of heavenly whipped cream; I wonder if up the miles of the sky's burnished blue scheme there is a small celestial soul saying "Can I scrape the bowl."

Don't forget that there is another Minor Hockey Bake Sale on the bank corner on Saturday, September 3rd. I nearly forgot the one they had last Saturday.

Mr. Arthur Thorpe, of Toronto, who is 90 years young, and Mrs. Hewitt's father, spent nearly three weeks with the Earl Hewitts.

Mr. & Mrs. Chas. Corbett of Dwight visited with Mrs. Edith Welchof, Minden and Miss Carrie Jones at Hyland Crest, before leaving for a

trip to Australia to visit their son.

Remember when washing drip-dry clothes to never use hot water; never soak too long; never use too much soap; rinse well and hang correctly.

The Library-Museum Committee wish me to remind you that they have a Barbie doll with 27 costumes on which they are selling tickets now. This will make a lovely Christmas gift for some little girl if you win it. The doll and some of her clothing will be shown in Mae's Bookshop window and the rest of her wardrobe will be shown in the window at Cox's Apparel. If you can't find tickets, give me a ring and I will tell you where to get them.

We were very happy to hear that Dolly Dummett of Haliburton won the snowball at Rotary bingo last week. Her winnings were \$173.00 drawn after 22 numbers.

Mr. & Mrs. Gordon Dawkins, and Beverly, of Rexdale spent part of their holidays

BY JIM BADGLEY

Last week The Haliburton County Echo and Minden Recorder office went through quite a clean up and low and behold we found an old printing job The Echo had done a few years ago for the Huskies.

The printing job was the lineup insertion for the junior teams program.

The thing was we didn't know what year let alone what night the game was played.

Perhaps a few of you have better memories than those of us at The Echo office.

The goalies for the club were Dave Austen and Larry Harten.

Mike Easton was the assistant captain and was on a defense that featured Doug Higgins, Ron Cummings and now national Hockey Leaguer Ron Stackhouse.

Forwards on the club included Dan Roberts, Chris Carroll, Lyle Sawyer, Fred Hewitt, (the assistant captain) Larry Sawyer, George Simmons, Bill Parish (captain) Brian Black, Neil Hewitt, Craig Morrison, Doug Hughey and Mike Jackson.

Coaching the club that year was Scott LaRue. Ken Sawyer was the trainer and A.J. LaRue was the manager.

The Huskies were playing the Aurora Tigers that night in what many of us suspect was a playoff contest.

I know the hockey season is still a little ways off yet but these cold nights lately sure make you look ahead to the coming season.

Among the many things in the wind are the establishment of juvenile clubs in Haliburton.

From page 6 Norland Notebook
information, please contact Dale Davey, or her mother, Mrs. Betty Davey, at the Norland Library. Thank you in advance.

As a listener to the new Barrie CHAY-FM station - 93 on the FM dial, I can recommend it to all who enjoy good stereo music. Some of you will recognize the voice of Tony Pierce, former disc jockey from Lindsay's radio station CKLY. The FM station has a wide and varied selection of very listenable music, as well as up-to-date news and weather and some short discussions on topics of interest. Listen in, you'll like it.

This unidentified Minden runner pulls up at third base in the Tri-County Fastball playoffs between Minden and Haliburton. A win by Haliburton, Monday night, made the best of five series 2-1 in favor of Minden. For more details see page 8.

Keep hopes alive

Legion wins 6-4 over Minden

Haliburton Legion kept their hopes alive in the Tri-County Fastball League opening round playoffs with Minden coming up with a 6-4 victory behind the five hit pitching of Craig Stamp, Monday night.

Haliburton is down 2-1 now in the best of five series.

Stamp struck out 15 Minden batters in the contest.

K. Hewitt doubled for Minden in the first inning but was left stranded at third. G. Newell made it to first base after being hit by a pitch.

Haliburton scored three runs in their half of the inning when Wade Stamp singled and scored on a single by B. Johnson.

Derrell Stamp got on first with a hit followed by another hit by Craig Stamp which put the runners at third and second.

A hit by Dwight Sisson scored Derrell Stamp.

Minden came to life in the second inning when Dave Dollo and Brian Shaw each hit safely. Jack Snell walked, Dave Hartwick got a hit and walks to Barry Shaw and Hewitt resulted in four runs.

Haliburton went down in order in their half of the second inning.

Dollo was the only Minden batter to reach base safely in the third inning for that team. Stamp struck out Shaw, Jack Snell and Dave Hartwick to end the inning.

With two out in the bottom of the third Haliburton

threatened to score when Derrell Stamp and Dwight Sisson both got on base with hits but Roger Bain was the third out.

Both teams went down in order in the fourth inning.

In the fifth Stamp retired the Minden side in order and Haliburton launched a little bit of a rally when Johnson reached first with a hit. He was picked off by Minden catcher Dave Dollo when he tried to steal second.

Bernie Nicholls was the second out but then Derrell Stamp got a hit and Craig followed it with a walk but the runners were left standing at third and second when Sisson got out.

In the sixth inning it was the same story with Minden going down in order and Haliburton stranding men at second and third. Wade

Stamp and B. Mulholland both reached base safely in that inning.

The seventh inning was all Haliburton after Minden went down in order.

Nicholls started the rally off with a hit. Derrell Stamp got a hit sending Nicholls to third. Haliburton looked like they were going to strand the two runners again when both Craig Stamp and Dwight Sisson got out but a hit by Roger Bain sent Nicholls and Derrell Stamp home with the tying and winning runs.

Bain scored on a hit by Sisson.

Minden went down in order in the eighth and ninth innings with Stamp striking out five of the six batters.

Nicholls was the only other Haliburton batter to reach base in the eighth inning and was left stranded.

The next game of the series is scheduled for tonight in Minden and the fifth game, if

necessary, will be played tomorrow night in Haliburton starting at 8 p.m.

Ski club member heading for games

Jim Bush of the King Ski Club on Grass Lake took the first overall senior men's Ontario Novice Water Ski Championship last week on Little Lake in Peterborough.

Bush took two gold medals one in slalom and one in trick skiing and won a bronze in jumping to win the overall championship.

Two other members of the

club, Brad Legault and Doug Brocklebank also competed in the championships. Legault in the slalom, trick and jumping events and Brocklebank in the trick event.

Bush will be skiing in the Ontario Summer Games at Puslinch Lake in Guelph, August 27 and 28.

SPECIAL 95th Birthday Offer!

We've been friends a long, long time...

For 95 years now, The Haliburton County Echo has appreciated its friendship with its growing circle of readers. And as a true friend we've given you all the news, both the good and the bad. We've spoken our mind on local issues that are important to all of us living in and around Haliburton County without malice or favoritism. Because of that, our circulation has been growing every year.

This week's issue marks the amalgamation of The Haliburton County Echo and The Minden Recorder. 7,000 copies have been printed this week to include the largest circulation in both Haliburton and Victoria Counties.

To celebrate the occasion we are offering a special subscription price. Take advantage of this Birthday Offer. The presents are all yours!

Join our group of friends.

Report from Queen's Park

BY MPP JOHN EAKINS

Last February I reported to you on the changes which had been made in the Rules of the Ontario Legislature, based upon research and study material, and the recommendations of the Ontario Commission on the Legislature, otherwise known as the Camp Commission.

It is generally agreed that these new rules have made a considerable improvement in the operation of the Legislature.

The daily Question Period has been lengthened to one hour, and during this extended time more Members have been able to question Ministers about important matters of concern. Also the Question Period is much improved because statements by Ministers are given in advance (or at least simultaneously) to Opposition Members, making prompt informed questions and responses possible.

Any amendments proposed to legislation must be circulated in advance to the Members of the House, and access to background material is made available to Members on any government bill or policy statement. More thorough and detailed preparation of material for debates on the Ministry Estimates is possible, as the schedule for their consideration is established well in advance. Even the weekly order of business, as slated by the House Leaders, is given a formal and much wider distribution. This means that participation in debates can be planned in advance.

One important change in the Rules of the House permits a Private Member's Bill to be voted upon and, if passed by a majority of Members, to be enacted into legislation. This means that, for the first time in Ontario, someone other than a member of the Cabinet may hope to have a Bill of his own become law. It has been very interesting to note how well this new system has worked.

Each Member may gain the opportunity to have a Bill of his own choice debated. All that is necessary is to submit his name, and the selection as to the order of debate is made by means of a "lottery draw". Each week during the session, two Private Member's Bills are debated, with each of the political parties taking a turn in sequence.

Mr. Lorne Maciek, the Member for Parry Sound, was chosen first on the initial ballot, held for the Spring Session of the Legislature. Much to everyone's surprise, by an odd coincidence, he was chosen first again in the lottery for debate of Private Member's Bills in the Fall. His Bill to permit the withholding of Treatment where Death is Inevitable received second reading, but died on the Order Paper, when the Legislature was dissolved for the recent Provincial Election. He has not, to date, indicated whether or not he intends to reintroduce this Bill.

The first Bill to receive the required three readings and to become law was legislation to allow advertising in weekly newspapers on the Thursdays before a Provincial Election. This was passed unanimously on April 21, 1977. It was sponsored by Mr. Jack Johnson, the Member for Wellington-Dufferin-Peel. Her Honour, the Lieutenant Governor granted the Bill Royal Assent, and consequently, Mr. Johnson will go down in Ontario parliamentary history as the first person to have had a Bill passed as a Private Member.

As I mentioned to you in my earlier Report, if twenty Members object to the legislation, a Bill will not proceed through the various stages of debate. Several controversial matters have been blocked in this way.

One such Bill was to provide for greater Freedom of Information. It was felt that such legislation was not necessary at this point in time, as the Government had appointed a commission to study the matter.

A proposed measure to encourage the Government to establish a register of all lands owned by the Province, or any of its agencies, was found acceptable. The register would include the date of the purchase, commissions paid, and the establishment of guidelines for future purchases. This resolution was felt to be in the spirit of the move toward increasing access to Government transactions. After a very interesting debate, the legislation was passed.

As there were only three opportunities to debate Private Member's Bills in the Spring Session, there is considerable interest in future developments in connection with this particular rule revision. The first three bills to be introduced in the Fall Session will be those of Mr. Lorne Maciek (Parry Sound), Mr. John Eakins (Victoria-Haliburton) and Mr. Michael Cassidy (Ottawa-Centre).

Incidentally, the Rules make it quite clear that no Private Member's Bill may involve the expenditure of public money. This is in accordance with the age-old parliamentary tradition that only the Government has the right to collect and impose taxes, and to spend the taxpayer's money.

Extendicare

From page 2

Whatever happened to John's chin in case no one noticed? At least it doesn't seem to hurt him.

Thursday the lady residents did some cooking for us. The cooks this time were Mrs. Mary Currah, Mrs. Hazel Parish and Mrs. Hazel Welch. They made popcorn crisp and brownies and as they were passed around we were told they were allowed to burn. We didn't notice very much wrong with them except there were not enough. Mrs. Pat Burk, the supervisor, says she is sorry they overbaked.

It would appear that Ontario Hydro is committed to nuclear power to help accommodate the present and future electrically heated homes. None of the present housing starts seem to provide for anything else. It is quite possible that no one building wants to depend on oil or gas heat. Nothing would seem to contribute more to a "blackout" than a huge group of electrically heated buildings where there is insufficient reserve. Let us hope that our area will always have enough reserve.

Shopping in Haliburton Village is interesting and there does not seem to be any more "out of stock" items here than in the larger places. All of the business places are more than courteous and anxious to please. Any will order an out of stock item, and being so handy is almost as good as having it. Besides, we are grateful to Haliburton for the patronage they show us when we put something on.

Chatting with Irene
From page 6
with Mrs. Ben Harrison this past week.
Being a two fingered typist has its advantage you know, for as I type I spell out my words and I may not type good but I was always good at spelling!
Miss Clara Coulter of Peterborough is visiting with Mr. & Mrs. Arnold Coulter for awhile.
Don't forget that the Kinettes are having a Flea Market and Rummage Sale on September 17th and would appreciate any help you could give them in the line of articles.
Mrs. Peg Davis and three children, of Timmins, have been visiting with Mr. & Mrs. Earl Hewitt for the past week.
Even way back when; they liked fried green tomatoes so here is the recipe from out of
old Nova Scotia Kitchens Cook Book: Sliced green tomatoes; flour; salt and pepper; dredge green tomato slices with flour; season with salt and pepper; fry until browned; about 10 minutes in bacon fat.
Thought you might like to know that the Queen from the Sweetheart of the Fairs Pageant, at the C.N.E. this year, is Brenda Bomberry, from Oshweken (Six Nations). She was chosen from 80 contestants and received many lovely prizes. One humorous incident was that when our Queen, from Haliburton County Fair, walked across the platform, someone said quote "Miss Haliburton County; Oh my heart is in Haliburton" unquote, and it was no person from up here. On this note I leave you for this week.
Adios and take care now.

Get money for your Fall needs right now!

Money for school books, children's clothes — money to help you smarten up your appearance and your home — take care of them all with a low interest loan from Victoria and Grey. You can get from \$500 to \$7,500, repayable in 12 to 60 months, life insured at no cost to you up to the age of 65, and repayable in any amount without penalty.

Gems of Truth

"For even the Son of Man came not to be ministered unto, but to minister and to give His life a ransom for many." Mark 10:45.

Most of the times when the above verse is quoted or written only one half of it appears. That half is twisted out of its context and meaning and made to be the foundation for a teaching and practice in coming to earth to be born as the Saviour. This verse is one of the favorite "proof texts" of those who stress and promote the so-called "social gospel," which limits itself to good works, and makes the improvement of living conditions for the human race both the means and the end of their service to God.

Ignoring all that the New Testament has to say about the comparative unimportance of life "here" in comparison to an "eternal hereafter," the advocates of this "other gospel" against which Paul warned his hearers, make no effort to lead lost souls to saving faith in Christ. Luke 19:10. Furthermore, they preach no evangelistic messages and never mention the heart of our Lord's teaching that "ye must be born again." John 3:3-7. To justify their idea that Christian service is simply self-sacrificial help to others, they quote half of the above mentioned text and say "For even the Son of man came not to be ministered unto but to minister," period! And that "period" is the mark of their spiritual dishonesty, for Jesus did not stop where modernism does. He went on to express the other side of the figure. One half of what He said is "negative" and the other half is "positive."

The Lord Jesus did not come to receive honors from the hands of men, but He did come to bestow everlasting life upon all such as would accept His appointed way of receiving it. It is very dishonest to use His words any other way.

That there is an incentive to service in the first part of Mark 10:45 cannot be ignored. Paul writes in his Philippian Epistle these great words, "Let this mind be in you, which was also in Christ Jesus, who, being in the form of God, thought it not robbery to be equal with God, but made Himself of no reputation, and took upon Himself the form of a 'servant,'" and was made in the likeness of man." 2:5-7.

Our feeble mind is not able to grasp the full meaning of this descriptive plea for service. Here was One who was God's equal. Multitudes of angelic beings delighted to serve Him and found happiness in doing any humble task that would minister to Him and His purposes. This Mighty One wrapped Himself in the fleshly cloak of humanity and came to be the Servant of a sinful race. While the angels who served Him in glory gazed in wonder and awe at the strange and unbelievable sight, He "went about doing good" in the relief of human misery and suffering. His Divine hands fed the hungry and healed the sick, lifted up the fallen and guided the wayward to better things in life. He was indeed a minister to men.

All this is true, but it is only the entrance door of truth. Why did the Son of God so humble Himself, lay aside His Heavenly glory and live the drab life of a Galilean

peasant? He had an eternal task to perform, and in order to attract attention to that task and to demonstrate His fitness and ability to the performance of His "real mission," He spent three years in serving those whose lives He touched in passing. But in doing so, He constantly called their attention to the "positive" purpose of His sojourn on earth. That purpose was to "give His life a ransom for many."

Jesus did not come to feed the hungry, raise Lazarus, and heal the sick, else His ministry would have died with the generation He thus served. The Lord Jesus came to "save" the human race by dying! This purpose He accomplished on Calvary and any teaching which stops short of the Cross dishonors Him and makes null and void the very goal that He died to achieve.

Special showing of film

A special showing of a Christian film entitled "He restores my soul" will be shown at the Cobocok Community Centre, Mon. Aug. 29.

Rev. A.R. Bartlett, said that the film is of excellent quality and well worth seeing. He pointed out that the film will get underway at 7:45 p.m.

The Word of God

Brian V. Sullivan

We have been examining the appearances of the Lord after his resurrection from the dead. Last week we looked at his appearance to Mary Magdalene; the two disciples on the way to Emmaus; to the ten disciples (Judas being gone, and Thomas absent on that occasion); to the eleven (Thomas being present); and finally to the seven disciples at the Sea of Tiberias. Today we continue with the balance of the appearances and also Paul's list from 1 Corinthians 15.

Appearance #6 -- To the eleven on a mountain in Galilee. (Matthew 28:16-20; Mark 16:15-18). It was during this appearance that Jesus gave the Great Commission. The Great Commission was the world-wide, all nation command in regards to the gospel or good news of Jesus Christ.

Appearance #7 -- This is the final appearance, some may wish to tie it in with the preceding. It is summarized in Luke 24:50-53, and brings the resurrection appearances to a close by His ascension on high.

Paul, the apostle, writes in 1 Corinthians 15:3-8 and gives us an impressive list of who saw the Lord. Let's notice his account by inspiration. "For I delivered unto you first of all that which I also received, how that Christ died for our sins according to the scriptures; and that he was seen of Cephas, then of twelve: After that, he was seen of above five hundred brethren at once; of whom the greater part remain unto this present, but some are fallen asleep. After that, he was seen of James; then of all the apostles. And last of all he was seen of me also, as of one born out of due time." Notice that Paul's list is different than what we discovered in the gospels. The reason for this is Paul's purpose in listing it. Paul was showing the Corinthians that the resurrection was witnessed by the apostles to such an extent that they did not doubt it. He declares his own apostleship through the Lord's appearance to him.

The gospel writers on the other hand are showing us the witness of those who had been close to the Lord during that last few days of earthly life. Those people who had wept at the cross were now comforted by the glorious resurrected Lord that they were blessed with seeing.

The resurrection is a very vital part of the gospel message. In the weeks ahead we will notice how that it repeats its appearance time after time in the sermons of the apostles. Jesus the Christ is not dead, but very much alive. But, before we get into that discussion we need to answer some arguments sometimes raised by those who do not believe in a resurrection of the Lord. See you next week.

Haliburton Highlights

BY CREIGHTON FEIR

Congratulations this week to all those people who worked so hard to make the 113th Haliburton County Fair held in Minden over the weekend such a success. Hats off also to all those on the Fair Board who gave it a real shot this year and came up with some terrific results. In past years I think that we all have to agree that the Minden Fair left a lot to be desired. This year it was a different story. It was a success story. More people participated in the Fair than ever before and the parade was just super. It was one of the best and longest parades in the 113 years that the fair has been in operation. It all goes to prove that when some group make up their minds that they are going to make a success of something through hard work that they can do it. Once again you people deserve a great deal of credit for a job well done.

The lights and the poles have been put up at the Tennis Courts at the Rotary Beach for some time now, the trenches have been dug and they have been working the past few weeks on laying the underground cable. It shouldn't be too long now before the tennis court will be all lit up.

This summer the merchants of Haliburton have been having their troubles with vandalism and break-ins. Some of them are getting really worked up over the situation. Some of the business people have told us that they struggle along to make a few bucks and then some person or persons break in and either take money or merchandise and that it takes a long time to make this money back. In most cases the Minden Detachment of the Ontario Provincial Police have picked up suspects and in many of these cases the culprits have been let off. The courts are going to have to bear down and hand out some stiff sentences or otherwise we can look forward to a lot of trouble.

"Don't rock the boat." How often have you heard that? But when you're in a small craft on a lake or river, it really can be fatal to rock the boat by standing up or moving suddenly. Hold onto the gunwales, keep your body low and move slowly when changing seats with a partner. This is a Red Cross Water Safety tip.

During the past month a survey has been conducted to obtain information concerning the recreational habits, needs and interests of the people of the Municipality of Dysart et al. Each person in your household has been asked to complete the questionnaire that was handed out. We understand that some people have been hesitant in filling out the questionnaire. We can't understand why they should be as it only takes fifteen minutes at the most to complete the forms. Please fill out this questionnaire if you have not already done so. It would be very much appreciated.

This week we said good-bye to Mrs. Alan Jackson who has been a resident of Haliburton for the past several years. Mrs. Jackson has moved to Toronto where she tells us that she will be close to the large hospitals, her family will also have the opportunity to take in all the good movies. We have known Mrs. Jackson for a long time and we are sure that her friendly smile and great personality will be missed in the community. For many years she worked very hard every year for the local Heart Fund. We join with her many friends in wishing her the best of health and happiness as she makes her move to Toronto.

As we sit here in our office writing this column its pouring rain outside. We just couldn't seem to get that much needed rainfall during the month of July but its starting to come down in August. We really needed the rain as many local wells are getting low on water and most of the gardens could certainly use it.

Many citizens from Haliburton attended the Beef Barbecue and social evening held recently at Kinmount. It was sponsored by the Victoria-Haliburton Progressive Conservative Association and it gave the people the opportunity to chat with our local MP Bill Scott and also to meet the federal leader of the opposition Joe Clark and his wife who were also present for the occasion.

Some of the local citizens have come up with the idea that it would be nice if some flowers were planted in the area around the new bridge over the Drag River on Highland Street. Its a splendid idea and these flowers would be a definite asset to this area.

During the summer months we have met many of our old friends who have returned to the Highlands for their annual vacation. We sincerely hope that you have all enjoyed your visit with us and will return again next summer.

Oh how time flies. As you can see by our paper many of the local merchants are advertising their back to school merchandise. This can only mean one thing and that is that it won't be too long before it will be back to school once again. It's been a short summer.

AND MINDEN RECORDER

Vol. 96 No. 1

Wednesday, August 24, 1977

More tests conducted

Mercury levels are low

Meeting fellow "Sweetheart of the Fairs" contestants around the Princess Margaret Fountain at the Canadian National Exhibition are from left to right -

Gwen Shore, Strathroy; Lorraine Burt, Erin; Mary Ann Wouters, Cambridge; Esther Scholl, Mitchell; and Jayne Swartman, Haliburton County.

The Ministry of Environment, in a bulletin sent out last week, showed the results of tests for mercury on a number of lakes around the province including four in the Haliburton area.

Of the four tested, Kawagama Lake in McKintock Township, Boshkung Lake in Stanhope Township, Miskwabi Lake in Dudley Township and Mississauga Lake in Cavendish Township two had restrictions on eating lake trout.

The report states that lake trout from Boshkung and Mississauga lakes over 18 inches long are suitable for occasional consumption.

Under that length there is no restriction. In Miskwabi and Kawagama Lakes there is no restriction at all.

Environment Ontario is issuing a series of bulletins to provide Ontario residents with the most up-to-date information on environmental quality and any environmental conditions which may pose a hazard to health," the bulletin stated.

This bulletin contains information on mercury levels in various species of fish from 16 lakes. Fish from these lakes were collected by the Ministry of Natural Resources and analyzed by the Ministry of the Environment. Advice on consumption limits is provided by the Occupational Health Protection Branch of the Ministry of Labour, it went on to say.

"The bulletin supplements earlier information provided through the Ontario Government's fish contaminants information program. This will be compiled with other environmental health bulletins issued this year, and incorporated in a revised and updated information package in Spring 1978," the bulletin noted.

Rainfall is helping the lake level situation

Continuing rainfall may be making holidaying less enjoyable in recent days, but it is certainly aiding the water supply situation on our watersheds. Reservoir levels have declined only slowly and Kawartha Lakes and Lake Simcoe-Couchiching have risen noticeably.

Storage remaining in Haliburton amounted to 50.6 per cent on Monday, August 15

which was only about 8 days ahead of normal on the historical storage decline. Heavy rains on Tuesday, averaging about 30 mm from Orillia to Lakefield, reached over 60 mm in Peterborough. The total rainfall since Sunday, August 14, at Minden, was 40.5 mm.

Only minimum flows are being run from the reservoir

lakes with some being virtually shut off, and Kawartha Lakes outflows are still at minimum.

Work is continuing at the Peterborough Liftlocks by a contractor who is doing repairs to the concrete face.

The cool, damp weather of the last week has slowed boat traffic down further, however most lock stations in the

Central and Northern areas of the Waterway are still reporting a slight increase in traffic over last year.

Cottagers and residents in the area of control dams are reminded that tampering with the logs on or in a dam is not only illegal but also dangerous to the residents and users above and below the structure.

These canoeists are shown approaching the portage at Sherborne Lake on the Gull River Canoe Route. The Ministry of Natural Resources maintains a number of

canoe routes in the north Victoria-Haliburton County areas. For more pictures and a story see page 12.

Echoes of the Past

From the files of The Haliburton County Echo and Minden Recorder

The Haliburton County Echo and Minden Recorder will be running this column as a regular feature of the newspaper. The column will contain a number of items from the pages of past Haliburton Echoes and for most people will bring back many memories.

The Echo has started the column in honor of its 95th birthday which is being celebrated this month.

FIVE YEARS AGO

William Scott, the Secretary-Treasurer of the Kinmount Fair, informed us this week that everything has been finalized regarding the stars who will be appearing with Tommy Hunter Show at the Kinmount Fair. The Tommy Hunter Show will feature some of Canada's top TV stars, including the Allan Sisters and the Rhythm Pals. Special guests will be Myrna Lorrie, Maurice Beaulieu, Al Cherney, Bert Niosi and the Travelling Men, and the Andy Body Dancers.

The Minden Fair Board could not have had a better day on Saturday, August 26, for the 108th edition of the Minden Fair," said President, Mervyn Gilbert.

The people responded to the ideal weather conditions by turning out in droves to watch the good but somewhat short parade, hear the music of Jack Bailey and his Bailiffs, watch the light and heavy horse shows, see the excellent exhibits in the exhibit hall and let off a little steam in the evening at a good old fashioned square dance, and for the first time in the history of the Minden Fair, come back to the fairgrounds on Sunday to see the wrestling matches.

The Haliburton Huskies are the 1972 Haliburton County senior softball champions. The Huskies defeated the West Guilford Redmen 9-4 last Tuesday evening to take the final series four games to one.

The Huskies got on the scoresheet first when Gary McKnight and Haven Cook walked and scored on Brian Walter's triple to make the score 2-0 after one frame.

The Redmen struck back in the third on a walk, a single and then a homerun by Pat Morrison.

The Huskies scored six in the fourth inning with Murray Kuno hitting a 300 foot grand slam home run.

MNR staff changes

Two well known members of the Minden District Ministry of Natural Resources staff have obtained new positions with the Ministry.

Aubrey Gostlin, who has been Chief Conservation Officer with the Ministry's Fish and Wildlife Division in Min-

den for the past four years, is now working out of the Regional Office in Huntsville as Enforcement Specialist for the Algonquin Region.

Bill Hutchison who has been Senior Parks and Lands technician at Minden for the past four years will be leaving at the end of the month to take

up the position of Senior Lands technician in the Tweed District.

Both men have been very active in the community and will no doubt be missed. Ministry staff, while regretting their leaving, wish both Bill and Aubrey all the best in their new positions.

Visits CNE

Mrs. Pierce fools guesser

Haliburton County's oldest resident, 105-year-old Caroline Pierce, who lives at Hyland Crest in Minden, toured the Canadian National Exhibition one day last week.

Mrs. Pierce, who recently celebrated her birthday, toured the CNE in a wheelchair.

Her visit to the Exhibition received about as much publicity as possible. The visit was recorded in a picture and story on the front page of the second section of Friday's Toronto Star.

The Star story explained how an age guesser at the world's largest exhibition was fooled by Mrs. Pierce.

"She had 'em all fooled - that spunky little lady from Minden, Ont., but the real joke was on CNE age-guesser Barry Vigon," the Star story said.

"After all, no one expects a 105-year-old woman to spend all day whizzing around the exhibition grounds in a wheelchair, having as much fun as any 10-year-old," the story noted.

It was pointed out in The Star that Mr. Vigon, a 17 year veteran as an age-guesser, was concerned that he would guess Mrs. Pierce's age wrong.

"Mrs. Pierce just smiled mischievously as Vigon wrote down a figure, looked at her quizzically, then changed his guess from 94 to

96," The Star story said.

Mrs. Pierce was at the Exhibition with her niece, Enrice Warder.

Mrs. Pierce first visited the 99-year-old Exhibition when she was 26.

Caroline Pierce, a resident of Hyland Crest, was at the Canadian National Exhibition last week. Mrs. Pierce is 105-years-old. She celebrated her birthday recently.

The Gull, Burnt and Mississauga Rivers are popular spots for canoeing. This picture shows Ritchie Falls on the Burnt River Canoe Route. The route is one of three maintained by the Ministry of Natural Resources.

St. Nora Lake is part of the Gull River Canoe Route. The Gull River Route is one of three popular recreational corridors that provide excellent canoeing opportunities.

In a canoe

A way to see the area

The canoe lost its position as a means of travel many years ago but the Ministry of Natural Resources is keeping it alive in the Minden district as a means to see some beautiful scenery.

The Ministry has three major canoe routes which it maintains. The Gull, Burnt and Mississauga. In a release from D.D. White, district manager of the Minden dis-

trict, it is pointed out that these are popular corridors offering "captivating and exciting" canoeing opportunities for both the novice and experienced white-water canoeist.

He points out that most sections of these routes are quite beautiful and offer a great variety in scenery and vegetation as well as in mood as the rivers develop from

fast flowing youthful streams interrupted by short sets of rapids and falls to mature meandering rivers.

The Gull River A Route is 41 miles long, travelling from Boshkung Lake to Balsam Lake Provincial Park. The considered travel time is 14 hours.

There are seven portages, the longest being 880 yards with an average length of 244 yards.

The Gull River B Route covers Boshkung, Kushog, Kennis, Redstone and Eagle Lakes. This circular route takes 18 hours and is 54 miles long.

There are 12 portages, the longest being 1,980 yards and the average, 570 yards.

The Gull River C route, which takes in Kennis Lake to Raven Lake, is 27 1/2 miles long.

The route has 12 portages, the longest being 2,640 yards with the average being 884 yards.

The Gull River D Route is 10 1/2 miles long and is a one way trip to Haliburton Lake. The trip takes three and a half hours and includes two portages, one of 220 yards and the other of 40 yards. The start is at Eagle Lake.

Gull River Route E is considered as an alternate north-south canoe route connecting the northern portion of Route B to the southern portion.

The route is six miles long from Kennis Lake to Green Lake via Lipsy Lake.

There are five portages on the route, the longest being 1,056 yards with an average of 478 yards.

The travelling time is six hours.

This bus found the going a little rough at the site of the old Haliburton Curling Club. The ground seemed to be a little soft and the rear right wheel of the bus sank to the hubcap in the ground.

NOTICE

Corporation of the Township of Lutterworth

TAKE NOTICE that a public meeting will be held on Saturday, August 27th, 1977, commencing at 9:00 a.m., at the Wagon Wheel Motel, located on the east side of Highway No. 35, approximately four miles south of Minden. The purpose of the meeting will be to discuss the progress made to date on the closure of shoreline allowances. Special guests will be Mr. D. Swezey, Ontario Ministry of Housing, and Mr. D.D. White, Ontario Ministry of Natural Resources. All ratepayers and interested persons are cordially invited to attend.

HYLAND LUMBER LTD.

P.O. BOX 17 - HALIBURTON, ONTARIO (705) 457-1011

PLAN No. 73-2452

WIDTH: 53 ft.

TRADITIONAL TUDOR-A Touch of Distinction PLAN NO. 73-2452

This impressive two storey Tudor home is perfectly suited to the average sized lot and the large established family. Its stucco and stone exterior, heavy cedar shake roof, diamond windows and brick chimney combine to create an overall effect of tradition and solidity.

The separate peaked roof over the main entrance invites you into an atmosphere promising warmth and conviviality. It opens into a main foyer or reception area from which you step down into the spacious sunken living room - featuring a large slate hearth fireplace, bay window with diamond panes and sliding door to a possible rear patio or sundeck.

The U-shaped Kitchen is centrally located to the dining, family and utility rooms and offers abundant counter area and cupboard space, as well as ready access to the washer and dryer in the utility room, where there is further overhead cupboard space.

The family room is very large and features a breakfast bar adjoining the kitchen and sliding door to the back patio.

The full size two-car garage with panelled doors leads into the main hall, with access to the powder room.

Upstairs are four bedrooms, two complete bathrooms and generous linen storage cupboards. The master bedroom is spectacular because of its size and has good natural light. It features two large walk-in closets and three piece ensuite.

The main bathroom is easily accessible to all bedrooms. All closets have louvered bi-fold doors which complement the traditional theme of the design.

This solidly traditional design will fit a variety of locations and landscapes. It is spacious and elegant - a timeless tribute to gracious family living.

Plan for design No. 73-2452 may be obtained at a cost of \$70.00 for the first set and \$9.00 for each additional set, plus \$3.50 for postage and handling. B.C. residents please include 7% sales tax.

Send for the current edition of Select Home Designs Series #34 featuring imaginative decorating and home improvement ideas plus more than 300 quality home plans of every type. Available for \$2.25 (\$1.75 plus 50 cents postage and handling). To order these items please send cheque or money order payable to the Home of the Week. Address to: Home of the Week, The Haliburton County Echo, 382 West Broadway, Vancouver, B.C., V5Y 1R2.

From the Chamber

BY BOB STINSON

Another tourist season is rapidly drawing to a close, and much more rapidly than we, of course, would wish due to the lack of co-operation from the weather man. We can't do much about the weather, but the type of help provided by the Toronto Daily Star on Saturday, August 20th, we really don't need. A full page feature article in their travel section is headed "If you're tired of rain and cold...head south where summer lingers on." The article goes on to expound on the advantages to Canadians in holidaying in some of the Central United States. When the tourist industry throughout Canada, let alone Ontario, is reaching a larger deficit every year with United States travel, it seems to us irresponsible of a paper such as the Toronto Star to encourage this trend.

It is now an accepted fact that throughout Canada something drastic must be done to improve our dismal tourist industry picture. Over the next few months we expect many representations will be made to various levels of government by associations in the industry in regard to the problems and possible solutions. Things are bound to become extremely competitive and those who are going to survive are going to have to keep well informed, be progressive, and be prepared to make changes to suit the ever changing demands of the tourists. Since tourism is the backbone of the economy here in Haliburton let's hope we are all paying close attention.

Our MPP, John Eakins, is the official critic for the Ministry of Industry and Tourism, and he has asked for input from our community as to what we feel should be changed in that ministry. Our board of directors are now drafting such documents and members are invited to make any suggestions they feel they would like added to this document for presentation to the ministry. If we haven't been in touch with you, make sure you keep in touch with us.

The ENA Corduroy Enduro is coming back to Haliburton for the third successive year on September 10 and 11th. Advance parties are already working in the bush every weekend to prepare trails for this annual event. Unfortunately, many people place some sort of stigma on motorcyclists without looking any deeper. This event is a serious competition calling for a high degree of skill and stamina from the riders who come from many distant points in Canada and United States to participate. We found many of these people are doctors, lawyers, engineers, as well as mechanics, truck drivers and so on. The money they spend both during and prior to this particular weekend stimulates our tourist economy and they should certainly be made welcome if, for no other reason, than this. The Snowmobile Association is also quite happy to see them in our midst as they do a considerable amount of work on the trails which benefits the snowmobiler.

"Tip of the Hat" this week goes to Camp Kandalore on Highway 35 north of Halls Lake. We have an abundance of boys and girls camps in Haliburton County but none that make such an effort to provide service to our community such as Camp Kandalore. The establishment of the Kanawa Museum on their property will provide us for many years to come with a top quality tourist attraction. The facilities are already unsurpassed and when the huge three storey addition is complete, this facility should draw tourists to our area from all over the world. In addition to the canoe museum they have developed a very interesting heritage trail with many artifacts and museum pieces on display. The management have also made their facilities available to local cross-country ski enthusiasts several times during the winter, and this past weekend ran an open house and Pioneer Days for our benefit. Unfortunately, it was not well attended, but the campers put on a spectacular show for those who did come out. We think the idea was great, and hopefully next year we can get more local participation, and we thank the camp operators for providing the opportunity.

Minden police investigate twelve accidents

The Minden detachment of the Ontario Provincial Police investigated 12 motor vehicle collisions between August 15 and 21.

A single car accident on Glamorgan Road 10, August 20, resulted in \$2,000 damage to a vehicle and minor injuries to the driver.

Driver of the car was Marie C. Madill, 16, of Gooderham. The OPP report that the vehicle was westbound on the road, went over the crest of a small hill and struck a tree.

Miss Madill has been charged with driving without a license.

A single car accident on Highway 519 in Dysart Township, resulted in \$900 damage to a car driven by Thomas J. Ford, R.R. 1, Sioux Lookout.

The accident took place August 20 at 2:30 a.m.

The OPP report that the vehicle was northbound when it entered the west ditch striking a tree.

Ford has been charged with careless driving.

There was \$1,500 damage to a car driven by Dorenda J. Dorey, 25, of R.R. 1, Lakefield, when it was involved in an accident August 16 on Highway 503 east of Kinmount.

A passenger in the car, Marlene Moore, of R.R. 1, Kinmount, 17, received minor injuries in the crash.

The OPP report that the car was westbound when it went out of control, crossed the eastbound lane and rolled in the ditch.

Numerous changes

From page 1
apprehended on August 17 after a car they were in went into the west ditch of Highway 530 causing approximately \$900 damage.

Police report that the accident took place at 10:40 a.m. and the juveniles were not apprehended until 6 p.m.

The accident took place in Stanhope Township.

Marriage Announcement

Mr. & Mrs. Eldon Bull, of Minden, are pleased to announce the forthcoming marriage of their daughter Joanne Margaret to Randy Wendell Anderson, son of Mr. & Mrs. Raymond Anderson, of Minden. Marriage to take place at 7:30 p.m. at the Lakeside Baptist Church, Haliburton. Dance to follow at 9:00 p.m. at the Minden Community Centre. Relatives and friends welcome.

Mr. & Mrs. Clarence McInerney, of Minden, are pleased to announce the forthcoming marriage of their daughter Nancy Ann to Jon Francis Louch, son of Mr. & Mrs. James Louch of Thornhill. The marriage is to take place on Saturday, Sept. 24th, 1977 at 4 p.m., at Minden United Church, Minden, Ontario.

Thank-You

Gord and Mary Lywood of the Riverside Inn, Norland, wish to extend their gratitude for the warm welcome which we received upon the arrival of our daughter Lisa.

Births

DUNSMORE: Don and Karen Dunsmore (nee Robertson) thank God for the safe arrival of their third son, Jonathon Hugh, born August 12, 1977 at City Hospital, Saskatoon, Sask. Proud grandparents are Mabel and Gordon Dunsmore of Barrie and Mary and Elwin Robertson of Haliburton.

IN MEMORIAM

HAZEL AURILIA WATSON: In memory of Hazel who passed away at Duncan, B.C., August 30, 1958.

Time takes the edge of grief But memory earns back every leaf.

Sadly missed by Jack & Alan Stevenson.

McNEIL - In memory of a dear husband and father, Earl McNeil, who passed away on August 26, 1970.

His loved worn hands once busy, Are folded now in sleep, And o'er his worn body, The earth lies cold and deep. But the soul was his essence, Lives on and we shall see him, When the Master calls us home For all eternity.

Remembered by Wife, Rita and Family.

TENDER

Tenders are called to replace and or repair a portion of the roof of Hyland Crest Home. Roof may be inspected by calling

Mr. Kenneth Fielding,
Maintenance Supervisor,
Phone: 286-2140.

Highest or lowest tenders not necessarily accepted.

Work to be completed by September 30, 1977.

Tenders to be returned by September 2, 1977 to

Committee of Management,
HYLAND CREST HOME,
MINDEN, Ont.

NOTICE

to

SECONDARY SCHOOL STUDENTS

Registration will take place at Haliburton Highlands Secondary School from Monday, August 29th to Friday, September 2nd., during the hours of 9 a.m. - 4 p.m.

REGISTRATION WILL INVOLVE:

1. Purchase of Combination Lock, if required. Cost - \$1.25
2. Payment of \$2.00 Activity Fee
3. Assignment to Home Room and Locker Number
4. Receipt of Student Time Tables.

NEW STUDENTS SHOULD REGISTER AT THIS TIME.

**SCHOOL WILL COMMENCE
ON TUESDAY, SEPTEMBER 6, 1977.**

T.B. Mosgrove, Principal

**SENIOR CITIZEN
APARTMENTS**

- IF YOUR ARE SIXTY YEARS OF AGE OR OVER
- IF YOUR PRESENT ACCOMMODATION IS INADEQUATE
- IF YOUR INCOME IS MODEST

**THIS
IS OF INTEREST TO YOU!!**

The Ontario Ministry of Housing has been asked by your municipal council to determine the need for new senior citizen housing in this area. If there is a need, rent-geared-to-income accommodation will be developed by the Ontario Housing Corporation at the request of your municipal council.

Questionnaires are being distributed to senior citizens as part of a survey to determine the interest of this type of housing.

ONLY BY COMPLETING A QUESTIONNAIRE CAN YOU HELP TO DETERMINE WHETHER THERE IS A DEMAND FOR RENT-GEARED-TO-INCOME ACCOMMODATION FOR SENIOR CITIZENS.

If you are 60 years of age or more, and have not received a questionnaire, you may obtain a form and further information from:

Mr. R. Parisotto,
Municipal Office
Box 98, Milne St.,
MINDEN, Ontario

CURLING NOTICE

All Members past & present plus any interested people are invited to attend a General Meeting at the

HALIBURTON CURLING CLUB
at 8 P.M.

on THURSDAY, AUGUST 25th, 1977

at the Pinestone Inn.

Final details of the new Curling Club will be available along with plans for the coming season.

WHITE PINE CONES**WANTED!**

\$10.90/BUSHEL

The Ministry of Natural Resources urgently requires white pine cones from the Minden - Haliburton - Kinmount - Gooderham area for its reforestation programme.

This seed is required prior to September 15th and will be purchased at the Minden and Gooderham offices provided that a contract has been obtained prior to delivery. The price being offered is \$30.00/hectolitre (\$10.90/bushel) of ripe cones.

Students, cottagers, youth groups and permanent residents: consider this your chance to aid our reforestation programme and earn some extra cash at the same time.

For further details contact the Minden office at 286-1521 or the Gooderham office at 447-2151.
